Ayush Mishra

My Profile

I am seeking opportunities to join a company that can help me in enhancing my skills, strengthening my knowledge and realizing my potential. I am willing to explore a wide variety of opportunities that can help me gain perspective.

Projects

- **Based on CSS , HTML ,JavaScript , Node JS , React JS**

---> **Personal Portfolio website**

- A personal portfolio website provides relevant information of me about my skills, experience, and projects, and achievements I've worked on.

---> **Google Maps JavaScript API**

- This app will help you calculate your traveling distance.
- In this we have origin and destination basically it's going to calculate kilometers between origin and destination and it is also going to calculate the time (duration).

---> **Created a Real-time Chat Application Using NodeJs and SocketIO.**

- A real-time chat application that sends and shows messages to a recipient instantly.
- In this multiple users can connect and can talk to each other and they can collaborate with each other.

---> **Weather App.**

- In this, I have created a Weather App that allows you to search for locations and displays its current weather and 24-hour forecast.

Achievements

- **Coordinator at Swalakshya Adbhut at college Level.**
- **Played Table Tennis at CBSE Cluster.**
- **Perfect attendance awards in college.**
